

# THE BLAIRMORE ENTERPRISE

VOL. XVII, NO. 22.

THE BLAIRMORE ENTERPRISE.

THURSDAY, JULY 15, 1925.

## FOLSOM-BARE

The marriage was solemnized at the United church parsonage last evening of Mr. Henry Reid Folsom, of Hilliering, son of Mr. and Mrs. Harry G. Folsom, of Orangeville, Utah, to Miss Ruth Beatrice Bare, daughter of Mr. and Mrs. John A. Bare, of Lundbreck. The ceremony was performed by Rev. W. T. Young.

## SWIMMING POOL TO OPEN

Blairmore's temporary swimming pool will open in a few days. It is located north of the tourist camp site, near the Old Man river. Thanks are due the town council for the initial move, and to the various parties, including a number of boys who willingly assisted.

## COUNCIL MEETS AS

### COURT OF REVISION

The town council met as a court of revision at the town hall on Tuesday evening, to hear appeals against the 1924 assessment.

Quite a number of appeals were given consideration, with the following results:

- J. Baird, granted \$150 reduction. Blairmore hotel reduced by \$3000.
- Appeals of Cosmopolitan Hotel, Orpheum Theatre, Gwilym Evans, L. Denotaris, West Canadian Collieries, Limited (several dwellings), J. Vavrek and J. Krokosky dismissed.
- Greenhill Hotel (building only) reduced from \$32,500 to \$24,000.
- West Canadian Collieries, Limited, 47 acres, south of railway, including athletic grounds, reduced from \$300 to \$200 an acre.

## DEATH OF A. B. DODD

The sudden death occurred at Hillcrest on Monday afternoon of Mr. A. B. Dodd, one of the best known old timers of the Pass district.

Mr. Dodd had not been ailing and passed away while resting at the rear of his residence. He was about seventy-three years of age and a native of Wales, coming to Canada many years ago.

Funeral service was held in the Bellvue United church on Tuesday evening, conducted by Rev. W. T. Young, of Blairmore, and the remains were laid to rest in Hillcrest cemetery, beside those of his wife, who predeceased him about five years ago.

Mr. Dodd is survived by one daughter, residing in Vancouver, and had his belongings packed up preparatory to leaving for the coast in a few days to spend the remainder of his days there.

The singing at the graveside by a number of the deceased's Welsh compatriots was indeed a fitting farewell to a man who in life was extremely fond of music and singing.

Thanks are due the ladies of Bellevue and Hillcrest, and Mr. Nat Evans, of Bellevue, upon whom devolved the responsibility of making arrangements for the funeral. Despite the short notice, there was a good attendance of friends from Hillcrest, Bellevue, Blairmore and Coleman.

## AT LEE LAKE

A large number of C.G.L.T. girls are in camp at Kootenay Camp, Lee Lake, near Burnis. Quite a large camp is under canvas from Lethbridge and other southern points, and also a number from Bellevue. Mr. Campbell, of Bellevue, is busy constructing a platform for the use of bathers. A small camp of Scouts and Cubs from Coleman and Blairmore are at the lake also, under the care of Rev. Laurence Nobbs.

This beautiful spot, owned by Mr. J. L. Parker, has a perfect situation for a camp that is intended to be restful. A spring of cool sulphur water flows near the centre and the water of the lake is tepid, yet very clear. Some years ago the C.P.R. thought of constructing an hotel here, and the scenery has been styled a "Miniature Lake of Killarney." The lake is only four miles south of Burnis on a good highway and merits a visit from all people passing through The Pass on holiday bent.

Camp fires, impromptu circuses and entertainments, with swimming and hiking, make the time a happy one for young and old. The owner supplies fresh butter, milk, eggs, etc., so that campers can find supplies for their table on the spot.

Last week the Taxis Boys of Lethbridge, and the south spent a very happy time on the grounds. They went home on Friday.

Mr. A. A. Ballachy, prominent lawyer of High River, won the Chevrolet car put on as a first major prize by the Elks in their recent carnival in that town. Mr. Ballachy, sportsmanlike, allowed the car to go back for a redraw, the second winner being Mr. Presley. The various prizes were presented by Herb Spankie, the highly-esteemed, exalted ruler of the High River Lodge of Elks.

The insurance commission of the State of Ohio, in session at Columbus, approved the agreement whereby the Sun Life Assurance Company of Canada assumes control of the Cleveland Life Assurance Company, acquiring about \$38,000,000 of assets in force and \$7,000,000 in assets. The Sun Life has more than one billion dollars of assurances in force and more than three hundred millions of assets.

## WILL NOT BE A CANDIDATE

The following letter was received from G. G. Coote, M.P. for Macleod, which indicates clearly his intentions not to contest the riding at the coming election. The letter was dated July 2nd:

"I expect that parliament will be dissolved today and that a general election will be held at an early date. I wish to notify you that I shall not again accept a nomination for the Macleod constituency. I would be glad if you would make this known to our supporters in your riding so that they may be prepared to nominate someone else in my place."—Ez.

In connection with the above, which report has been spread through quite a number of daily and weekly newspapers in Alberta, we understand that Mr. Coote has not definitely decided to remain out.

## U.M.W. OF A. ORGANIZING

The Drumheller Review of July 9th states:

"An active organization drive will be instituted shortly by District 18, United Mine Workers of America, if being the aim of the district officials to have their organization functioning 100 per cent for the coming season. The United Mine Workers' scale of wages is the highest in the district, while their working conditions are the best and the miners are desirous of returning to the United Mine Workers and have various new locals added to those which have been so successfully operating the past year. The drive for members will soon be commenced, and indications point to a successful completion of the undertaking."

## ELKS MAY ORGANIZE PROVINCIAL GRAND LODGE

At the provincial conference of the Elks held in Calgary on Thursday last, it was decided to recommend to grand lodge the division of the province into five districts with five district deputies. District No. 1 includes Granum, Lethbridge, Coleman, Blairmore, Fincher Creek and Macleod, and Bro. Bobt. Gray, past exalted ruler of Blairmore Lodge No. 15, is recommended for the post of district deputy. The Dominion convention at Vancouver next month will also be asked to give permission for the formation of provincial grand bodies, and should such be granted, the Alberta grand lodge will be organized at once.

## TOURING PARTY VICTIMS OF FLAMES

Two women and two children were burned to death on Tuesday night, when their car was trapped in flames on the Banff-Windermere trail, where fierce forest fires have been raging. The two men, husbands, were seriously burned trying to rescue the women and children. The party was touring Dymark, Saskatchewan. One of the women, Mrs. Nesbitt, was a young bride. Mr. Nesbitt is principal of the Dymark school. The other man, Watt, is C.P.R. station agent at Dymark. The party had been to the Pacific coast and on the way back home.

A representative of the department of inland fisheries arrived at Coleman from Banff on Saturday last with a shipment of 60,000 rainbow trout fry, to be deposited in various small streams tributary to the Old Man (or Cowp) Nest river.

The pageant celebrating the 21st anniversary of the province takes place during the exhibition at Edmonton this week, in which upwards of 500 actors and a choir of two hundred voices will take part. A feature will be the old-timers' parade.

## HAS NOT ACCEPTED CALL TO DRUMHELLER

The Rev. A. D. Currie is leaving the rectorate of St. Athanasius at the end of July and has been appointed to the post of priest-in-charge of St. Luke's, Blairmore, and St. Alban's, Coleman. He will take over the duties on the first of August. The Rev. H. Laurence Nobbs has not received an invitation to or accepted the post of rector of Drumheller. He leaves the charge here at the end of the present month.

Walter Ford, who has been attending the state college at Pullman, Wash., arrived home the first of the week, accompanied by Fred Norris, who had been visiting at and near Spokane for a week. Walter feels very proud of the fact that he brought home a diploma from the Washington state college, successfully completing the two year course in pharmacy. Leaving here two years ago just fresh from the local high school, he entered at Pullman for the course mentioned, and by hard study and careful preparation, he had no difficulty in getting the desired sheepskin. Some credit can be claimed also for the preliminary preparation he received while attending the local high school which was under the supervision of D. MacPherson at that time—Milk River Notes, Lethbridge Herald.

## ORGANIZING NATIVE SONS OF CANADA

Mr. Peter W. E. Orver, a former member of the R.C.M.P., is in Blairmore this week, mustering candidates for a local lodge of the Native Sons of Canada. We understand Mr. Orver is meeting with success.

## AIMS OF NATIVE SONS OF CANADA

1. To keep in Canada all her native born.
2. To bring back to Canada all those Canadians who reside in foreign lands.
3. To induce desirable people to make homes in Canada.
4. To create and foster a distinctively Canadian national spirit.
5. To provide a non-partisan, non-sectarian influence in the affairs of Canada.
6. To promote a spirit of national unity and harmony, and to foster a distinctive sense and pride in the privileges of Canadian citizenship.
7. To further the development of Canadian literature, art, science, music, and Canadian institutions generally.
8. To generally promote the interests of Canada and Canadians.

Miss Edna Fisher is spending part of her summer vacation at Portland, Oregon.

OVER-SUPPLY OF  
TEACHERS UNLIKELY

According to figures available it looks as though there will be no oversupply of teachers in the province of Alberta at the opening of the fall term and it is urged that because of this fact, underbidding through fear of being without a position, with its consequent lowering of status and loss of respect from the public, is now not only unnecessary, but at the same time unwise, even suicidal. The \$1000 minimum salary for recent normal school graduates is a fair and reasonable object. Teachers who are not able to give \$1000 value should not be in possession of a certificate of qualification and teachers with experience should surely ask for and obtain an advance in salary beyond what is being paid to "green" graduates.

The proportion of teachers now engaged who replied "No" to the question: "Is it your intention to teach in Alberta during the school year commencing July 1st, 1924-25?" University students now teaching who will return to varsity in October—300. Additional rooms in cities, towns and villages required for the reopening of schools in September—30. New rural schools to open for the fall term—25. Teachers, other than university students, whose plans to teach have changed since replying to questionnaires—20. Approximate number of teachers required by September—875. Sources of supply promises: recent

graduates from normal school 740, from other provinces 25—total of 765.—Ed.

FINDING FISH BY  
THERMOMETER

Except in the case of herring and mackerel, up to the present fisheries men have had no means of definitely locating fish in the sea. Recent experiments have gone far toward eliminating this factor of uncertainty. By the use of a specially devised thermometer, which is lowered into the sea, it can be ascertained whether the temperature is conducive to the presence of certain kinds of fish. It has been found, for example, that cod and haddock frequent only depths at which there is an even temperature of from 40 to 50 degrees Fahrenheit. Codfish in particular have been proved to be very sensitive to extremes of temperature. The experiments referred to were carried out over an area of a hundred square miles.

CONTRACT BEING LET FOR  
BIG HOTEL AT WATERTON

Mr. Kenny, vice-president of the Great Northern Railway Company; Mr. Noble, manager of the hotels department of the C.N.R.; Mr. Hogan, chief engineer of the C.N.R., and Mr. Nossinger, manager of the Park Saddle Company, were in Cardston on Tuesday last week. They motored through from Great Falls on the new highway. The same evening they went on to Waterton National Park, where contracts were signed for the construction of part of the big structure with Messrs. Olund & Scott, Cardston-Waterton contractors and builders.

Down in Spokane a fellow was fined one dollar for being robbed. Times are changing rapidly and witty even a police officer will have to go to jail for arresting a man or helping him to consume his joy water.

## THE MOST TALKED OF CORPSE

Old King Tut slept peacefully for five thousand years, undisturbed from the date of his burial until archaeologists got busy and hauled him out for inspection.

Five thousand years and not a soul giving him a thought—then the advertisers got busy and behold he was the most talked of corpse that this world has produced. His name was heralded in every corner of the civilized world and parts that are not civilized.

Does it pay to advertise? Surely the demonstration of the value of printers' ink to remove the cobwebs of antiquity should answer the question.

There are business firms almost as dead as King Tut and they cannot figure out the reason. It's simple: They have failed to advertise.

This paper gives the advertiser full value for his money and also gives him an introduction to a people second to none. If your firm needs business, go after it where it is to be found. The Enterprise goes into thousands of homes and an advertisement in this great family journal will put any firm in the running. Try us out.

## NEW FEDERAL OFFICES

The government has in mind the erection of a new federal building in Ottawa to house departmental offices, which are now scattered. The building would consist of three units, each unit to cost three million dollars.

## TRIUMPH FOR TELEPHONES

For the first time in Canadian election history, all the results of the recent provincial election in Alberta were handled by telephone, instead of by telegraph, and this result was a triumph for the Alberta government telephone department. In less than three hours after the close of the polls the result of the first choice count in all of the 2450 polls in the province, including the north country, were known, with the exception of a few from the most isolated polls, the first choices had been tabulated in every constituency.

Nearly 300 people in as many phone exchanges in the province were engaged in the work of collecting the returns. One hundred and eighty-five thousand miles of rural and long distance wire carried the news, covering the province with a vast network of telephone communication. Special telephone compiling operators were placed in the daily newspaper offices in Edmonton, Calgary and Lethbridge, five at Edmonton handling 26 ridings; four at Calgary handling 16 ridings; and two at Lethbridge handling six ridings. The returns were handed to the newspapers as soon as received and conveyed over Canadian press wires. In five constituencies the entire work of compiling all returns was handled by the telephone department.

1926 AUTOMOBILE  
ROAD MAP HERE

The 1926 edition of the automobile road map of Alberta, described by James W. Davidson, president of the Alberta Good Roads Association, as the most authentic and accurate yet made, is just off the press. It is published by the Western Canada Route Service Limited, of Calgary.

A copy of this map has been received by The Enterprise and a perusal of it shows the great care and infinite work that was necessary in its preparation.

It is announced that the map will be placed on sale in most of the stationery stores and garages in Alberta or may be secured direct from the publishers.

This big map sells for seventy-five cents. It is valuable to anyone starting out on a motor trip and will be a stimulus to tourist traffic in the province.

## THE "GARDEN RAILWAY"

Too often the ground round a railway station is quite unattractive. It is not worse, but a fine idea occurred to a member of the C.P.R. staff a few years ago, and he suggested to the then president, the late Sir William Van Horne, that giving flower seeds and bulbs to the station agents in isolated places would encourage them to utilize their leisure time in a good way, and incidentally make the stations attractive. A small amount was devoted to this but its value was quickly recognized, and was increased annually, and now many thousands of plants and bulbs, as well as packets of seeds, are sent out annually. In addition, the general manager offers a cup for the best garden, while each general superintendent, superintendent and roadmaster gives one in his territory.

So the passengers on the C.P.R. find attractive gardens at the different country stations, which add to the pleasure of the journey, while the employees find the double pleasure of pleasing themselves and the passengers.

These gardens were turned into practical value during the great war, as some two thousand were used as vegetable gardens, in which food was raised for the men overseas.

The one responsible for the inauguration of this splendid idea was the late Mr. N. S. Dunlop, and the story was written up in this magazine. —Municipal Review of Canada.

## TEACHING CHILDREN WRONGLY

Some time ago we called the attention of our readers to a school book published in Toronto which has very out-of-date illustrations.

Our attention has been called to two atlases, one of Canada, published in New York, which has an incorrect design of the arms of Canada.

But another "Political and Relief Model Atlas for Canadian Schools" is most misleading and quite incorrect.

The map of the "Dominion of Canada" shows Ontario and Quebec as they were some time ago, before Ungava was added to the latter, and the Northwest Territories were subdivided.

Eastern Canada is equally incorrect as far as Quebec and Ontario are concerned.

That of Ontario is camouflaged by calling it "Settled Ontario."

The maps of Europe are those of pre-war times and are not only useless, but misleading today.

How is it that such misleading and incorrect books are put into the hands of our scholars today?

How can young Canadians know the facts about their own country when the text books from which they are taught are incorrect? —Municipal Review of Canada.

Rev. H. J. Bevin, of Gleichen, has accepted a call to Coleman United Church, and took up duties there on Sunday last. Mrs. Bevin and children have arrived there and the family have taken up residence at the manse.

The new swimming pool at Fernie is proving a great attraction and daily is being used by hundreds of men, women and children, particularly the latter, who are practically making their home at or in the pool. The pool is very conveniently situated. The fees are moderate and the upkeep down to the minimum. It is expected that even with the very small fees charged the institution will pay its way this season with a good surplus.

An item in our issue last week stated that Pat Hope had been a patient at Coleman hospital. This was simply a typographical error, and we take this opportunity of stating that Hope had been cared for in the Blairmore hospital, where the operation of amputation of the leg was so successful that the patient was able to leave the institution inside of four weeks and was able to testify to the kindly treatment accorded him in the Blairmore institution.

Miss Chastfield left on Saturday night last for Red Deer to resume her duties as a nurse in the hospital there. She had spent the three previous weeks visiting her mother. —Brooks Bulletin.

The vendor store at Bassano sold \$45,000 worth of liquor during last year and they boast that their sales ranked ahead of those of Blairmore, Coleman, Camarogates, Grande Prairie, Hanna, Mundare, Peace River, St. Paul de Metis, Taber and Vermilion. Well, that's alright. We didn't need the moisture so much up our way!

Penny postage went into effect on Dominion Day. When you are sending your letters don't overlook that fact. A penny stamp will do the work formerly done by a three-cent stamp. However, a one-cent stamp will not do the work of a two-cent stamp in carrying down delivery letters. The two-cent postage still rules on letters for local delivery.

The marriage of Mr. Charles William Johnson, son of Mr. and Mrs. R. T. Johnson, to Miss Mary Olive, daughter of Mr. and Mrs. William Blinston, was solemnized at Bellevue on Wednesday evening last. Following a reception, the young couple joined the night train for Calgary, Banff and other points. They have taken up residence in Bellevue.

Miss Adela Whiteside, daughter of Mr. and Mrs. O. E. S. Whiteside, arrived at Coleman last week end to spend the summer holidays with her parents. Miss Whiteside has been attending college at Vernon, B.C. She met with an unfortunate accident shortly before leaving Vernon, while playing tennis, which necessitates the use of crutches for a week or two.

A professor was giving a lecture in a small Alberta town hall and was warning up to his subject. He wound up in this manner: "Man, as we have seen, is a progressive being, but many other creatures are stationary. Take the ass, for example. Always and everywhere the ass is the same creature. You never have seen, and never will see, a more perfect ass than you see at the present moment."

Capt. Beebe will this week end have as his guests Mr. and Mrs. W. B. Burr, of Detroit, Michigan. Mrs. Burr is a daughter of Capt. Beebe, and is a pianist member of the famous Detroit Mendelssohn symphony orchestra. Mr. Burr is a banjoist member of the Detroit Elks' jazz band. It is to be hoped that the people of Blairmore will have an opportunity of hearing these musicians during their stay here.

## PROGRESSIVE MERCHANTS ADVERTISE

Issued by Canadian Weekly Newspapers Association

## When the First Trans-Canada Pulled Out

1. The first Transcontinental train in 1896. 2. The Trans-Canada of today.

The fortieth anniversary of the first Trans-Canada train has recently been celebrated by the Canadian Pacific Railway. It was the 28th of June 1884 when the train pulled out of Dalmeny Square Station, Montreal, on its long pilgrimage of 5,290 miles across the Dominion. There were people present who were very penitential, but today they are proud of that miserable day in June for it marked the period when the various provinces of British North America were bound together by a material bond.

At eight o'clock on that day, passengers filled with the excitement of the great adventure boarded the train, which was composed of an engine and ten cars, including two baggage cars, a mail car, two first class coaches, two emigrant sleepers, the sleepers "Yokohama" and "Honolulu" and the dining car "Holyrood". As the news spread that the first transcontinental train was on its way, little settlements of hardy pioneers and Indians in all their grandeur, turned out to watch the "White man's fire wagon" speed along its newly-laid shining "right of way".

The old locomotive which pulled the first Atlantic Express into Port Moody, now Vancouver, looks quaint to modern eyes. It burned cordwood, and with its big smokestack and generous display of polished brasswork, which shone like gold, its array of flags and floral decorations it made an imposing spectacle. The engine of the train was "Bob Moe", one of the best known railroad men of that time, and he pulled into Port Moody, B.C. sharp on time, six days after it left Montreal. Today we travel across to Vancouver in 89 hours, with all the comfort and modern conveniences of this age and confident of arriving on time.

## HONESTY !

is the foundation of  
confidence, and confidence  
is the foundation of  
business.

There must be honesty in  
the insurance policy  
and honesty in price.

Dependable insurance  
comes from such honesty.

J. R. Graham Agency

Blairmore : : : Alberta

Strathmore staged a big stampede  
and carnival yesterday.

**His Query**  
In response to the uniformed official's retort, there was much fumbling with bolts and door chains and presently a melancholy head appeared.  
"Are you the head of this house?" asked the visitor.  
The man hesitated for a moment. "I am," he said.  
"Very well," continued the other. "I am the inspector of nuisances and

"One moment," said the melancholy one. "It isn't me you want," and he retreated to the head of the stairs. "Mother-in-law!" he called "there is a gentleman at the door who wishes to see you!"

### The Poor Burglar

Travers: "A burglar got into my house at three o'clock this morning, when I was on my way home from the club."

Waters: "Did he get anything?"  
Travers: "He certainly did. The poor beggar is in the hospital. My wife thought it was me."

### Unavoidable Delay

The Okotoks Review recently contained the following item: "Owing to lack of space and the rush to the Stampede, several births and deaths will be postponed until next week."

"Dear Doctor, my pet Billy goat is seriously ill from eating a complete leather-bound set of Shakespeare. What do you prescribe?"  
Answer: "Am sending Literary Digest by return mail."

"Let me see," said the minister, who was filling up a marriage certificate and had forgotten the date, asked: "This is the fifth, is it not?"  
"No, sir," replied the bride, with indignation, "this is my second."

Mrs. T. Veprava has returned from a visit to the coast.

Alberta is to be visited this fall by a distinguished hunting party, arranged by Captain Curtis, one of the editors of the Field and Stream, of New York. The party will spend forty-five days hunting big game in the province.

We understand that a fine of ten dollars and costs will be imposed upon every man, woman or child in this corner of the province who fails to attend the Blairmore Elks' carnival on August 5th, 6th and 7th, inclusive. And a special band of constables will be on deck to visit every home and make the necessary arrests.

In our report, last issue, of the results of Associated Board of the Royal Academy of Music and the Royal College of Music examinations recently held in Lethbridge, Blairmore, Bellevue and Cadogan, we omitted the following names: Elementary division—Kerr, John; Key, Esther Grace; and Walker, Evelyn, honorable mention.

Among recent visitors to town were Mrs. James Bruneau and daughter, Miss E. Bruneau, of Vancouver. Mrs. and Miss Bruneau were former residents of Blairmore and up to 1910 occupied the residence now owned and occupied by Dr. Olivier at the corner of Eighth Avenue and State Street. Mr. Bruneau was a partner in the firm of Bruneau & Huston, operating a livery barn at the rear of the Cosmopolitan hotel from 1906 to 1911. While here, Mrs. Bruneau met with many old friends.

George Sangster a few days ago received a small parcel from Henry Birks & Sons. Opening it up he found it contained a huge molar and a note attached, worded thusly: "Dear Mr. Sangster. The tooth received we find is not that of an elk, but rather a monstrous pre-historic horse. Therefore we return it, fearing that you have been taken in by some butcher. In order to make an elk's tooth of it, it would be necessary for us to install a new grinding machine and reduce the tooth's size seventy-seven per cent. We are propounding the freight, plus the delivery charges. Yours, etc., Henry Birks."

## COWLEY HAPPENINGS

George Ingraham, of Heath Creek, has gone to Winnipeg for a visit.

G. B. Wood stopped in Cowley to renew acquaintances on Sunday last, enroute to Calgary.

Mr. Powell and family spent the week end as guests of Mr. and Mrs. George Porter and family at Black Mountain.

A picnic will be held at the river near Jesse Snyder's place on Friday, under the auspices of the United Sunday school.

A large number of the people of the district attended the Heritage Brothers' circus at Pincher Creek on Wednesday last.

James Leigh and family, accompanied by Edith Baines, left Friday night last by motor for a two weeks' holiday in Vancouver.

A sewing demonstration will be held here in Tustian's hall, from the 17th to 22nd, under the auspices of the Women's Institute.

Willie Musgrave is attending a week at the agricultural school at Claresholm, having won the highest aggregate at the school fair.

Several of Mr. Moser's violin pupils went to Pincher Creek on Thursday to take the exams under Dr. Kennedy, of the Toronto Conservatory of Music.

Miss Bessie Passmore is enjoying a visit with her sister at Victoria.

We have to thank Mr. Robert Evans for a complimentary copy of his new forty-page book entitled "Clay in the Hands of the Potter." Mr. Evans himself is the author of this very creditable edition, printed from the C. Talbot publishing house in London, England. Copies may be had for 50 cents.

Hon. Alex. Ross, who was defeated in Calgary, should be given a seat and we understand several members have offered their seats to him providing he continues in the cabinet, as minister of public works. Mr. Ross was a very efficient minister and it is to be hoped his services will be retained.—High River Times.

Mr. and Mrs. William Flinn and family and party of friends, from Lethbridge, passed through Blairmore on Monday morning on a motor trip to Vancouver and other coast points. The party is carried by three autos and will camp out the entire trip, which they expect will occupy about three to four weeks.

It's going to cost money for men to remain unmarried in Greece henceforth, under the Pangalos regime. A decree has been issued, imposing a tax of 2000 drachmas (about \$25) on bachelors over 24, and 1900 drachmas on those over 40. Forky remarks: "Well, what's the use? Somebody else has to keep the married man!"

## ADDITIONAL LOCALS

Constable Munton, A.F.P., left by this morning's train to spend a brief vacation in Edmonton and other points.

Constable Hammond, A.F.P., who a few weeks ago sustained injuries in a motor cycle accident, has returned to duty.

Mr. McEwen, formerly of the Union-Bank staff here, but now connected with the staff of the Royal Bank of Canada at Strathmore, left Calgary last week end, accompanied by his brother from Peace River, for a two weeks' holiday visit to coast points.

One of the most dangerous railway crossings in Alberta is that just east of the Frank slide. Trees at either side of the road to the north of the track obstruct the view of motorists and should be removed, and some effort should be made to make this a level crossing.

In Hillcrest United Church on Sunday, July 26th, Mr. Robert Evans will preach. Mr. Evans was, for many years a miner in Frank. His old friends will welcome the opportunity of hearing him. He has an interesting story to tell and all who hear him will be greatly impressed.

G. G. Coote, M.P. for Macleod federal constituency, was a very capable member of parliament and gave evidence of administrative ability while in the house. The electors of Macleod learn with regret at his decision not to be a candidate at the forthcoming election.—High River Times.

The partly decomposed body of a man was found in a box car on a Drumheller siding. The car had been there for several weeks and the man had evidently succumbed. There were no means of identification. The man was about five feet seven inches tall and would weigh around 160 pounds.

Some Blairmore economists permitted circus bills to be posted over the walls of their buildings for the sake of a pass through the outer gate of the circus and find now that in addition to seriously affecting the value of their property it costs a few dollars in time and labor to remove the bills.

It took two hours and 25 minutes to convert a tree into a newspaper in a test at Berlin recently. The tree was cut down at 7:35 a.m., barked and pulped, and a roll of paper was ready for a nearby newspaper plant at 9:54. The boys were crying the paper on the streets at 10 o'clock.

Mrs. F. R. Keer, who has been visiting her parents, Mr. and Mrs. C. J. Steen, for a few days, is leaving for Blairmore Friday. Mr. and Mrs. Keer are moving from Claresholm to Blairmore, where Mr. Keer has been for the past month, and Mrs. Keer shipped their household goods last week.—Nanton News.

# RED ROSE "is good COFFEE"

Canada's Year Of Jubilee

The Dominion of Canada has entered upon its diamond jubilee year and on July 1st next year Canadians will celebrate in a fitting manner the sixtieth anniversary of Confederation.

It will be most timely and in every way appropriate if in the months intervening before that historic date all Canadian organizations make of the chief feature of their programs to study Canada, past, present and future and to present facts to their members and the people generally relative to the history, the development, the resources, and the boundless possibilities of the country.

Canada's diamond jubilee year presents a glorious opportunity to all our organizations to make this a "Canada First" year. Would it not be a fine thing if, say once a month, every Canadian Club, Rotary Club, Kiwanis Club, Lions, G. Y. C., and other service organizations, every Homeowners and Community Club, the Canadian League of Women Voters, Y.M.C.A., Y.W.C.A., United Farmers, churches and schools devoted a meeting to some one phase of Canadian life, history or development.

Indeed, why should the Departments of Education of the several Provinces not arrange a special programme of studies in regard to Canada, all designed to make our people better informed regarding the constitutional development of government in Canada, our position in the Empire, in the League of Nations, and better acquainted with the principles and procedure of government in Canada, the administration and enforcement of law, in a word, the growth and development of Canada from the status of a Crown Colony to a self-governing nation within the Empire and with full nationhood among the nations in the League of Nations?

This jubilee year presents a golden opportunity for the presentation of historical plays and pageants designed not merely to entertain but to bring to the artistic qualities of our people, in their preparation and presentation, but also to instruct in a most effective way.

The twin Provinces of Alberta and Saskatchewan are this year celebrating their coming of age as autonomous provinces, and advantage is being taken of this occasion to depict in pageants, the growth and development which has marked the past six decades. It is suggested that these pageants are being presented by floats in parades in connection with our summer exhibitions. But why should plans now be made, not only in the West, but throughout the length and breadth of the Dominion, to present at every exhibition next year through means of floats, parades and pageants the Canada of 1827 as contrasted with the Canada of 1927?

Canadians, it is true, are not much given to full dress in pageants. We are a reserved people and hate to display our feelings and emotions. We are not given to flag-waving, but surely can unite in making the diamond jubilee year of Confederation an exception. We have hundreds of thousands of citizens, born in other lands and under other flags, who have chosen Canada as the land of their adoption. This jubilee year should be so utilized as to acquaint them with Canada's past history and achievements, to instill in their hearts and minds a real pride in Canada, to enthrall them with a desire to be Canadians in every true sense and manner of the name.

If for one solid twelve months the people of this Dominion thought, talked and preached Canada, the cumulative effect in the arousing and development of a real national spirit would be tremendous. It would operate to break down old prejudices and create new ones, would wipe out petty sectional considerations, jealousies and suspicions, and create an entirely new spirit throughout the land.

Canada is worthy of the very best that her people can give to it. Let us unite, therefore, in giving to Canada one year of undivided loyalty, consideration, thought, and unselfish devotion—a year of study of Canada, a year of service in endeavoring to arrive at a fuller understanding of her problems and needs, a year of unflinching effort to solve those problems and meet those needs.

## Objectionable Motor Signs

Moved Made in New Jersey to Revoke Licenses of Motorists With Offensive Placards

Commissioner Dill, of the New Jersey motor vehicle department, said he will attempt to revoke licenses of motorists who display offensive signs beneath registration plates.

Commissioner Dill said he believed this step was the only possible one to show the public that they were wrong to offend the public with placards on which profanity even was hinted at.

One of the signs to which he objected particularly reads: "If you can read this you are too damn close."

## Okanagan Lake Service

New C.N.R. Steamship Service On Okanagan Lake

Announcement is made of the opening by the Canadian National Railway of a steamship service between Kelowna and Penticton on the Okanagan Lake. A new steamship, the Penticton, will make two trips each way daily, except Sunday, starting July 15. This extends the passenger service which was put into operation with the completion some months ago of the new Canadian National line between Kamloops and Kelowna and gives a complete service from Penticton connecting with the Continental Limited east and west from Kamloops.

## Moscow Russia Responsibility

Could Have Prevented Financial Help Being Sent to British Strikers

Moscow obviously is trying when it tells Great Britain that it is unable to prohibit Russia "trades unions" from sending money abroad to aid trades unions in other countries and that it has no responsibility for the financial help sent from Russia to British strikers while the general strike was on, and afterward, upon refusal of the managers of the strike to accept it, transferred to the miners' federation.

It is as the Soviet-outlet asserts, there is no prohibition in its domestic "against the remittance of money abroad, but only the obligation to obtain a permit for such remittance," that prohibition is lacking because the Moscow chiefs for their own reasons have purposely let down the bars, and the very statement that a permit is necessary is an admission that it lies within the power of Bolshevik Government to put them up again at any time, and in any particular instance, as in the case of Detroit Free Press.

## 2 Years' Backache Subdued by "Nervine"

"Backache was the bane of my life, and for two years I was so lame as to be unable to work," writes Dr. S. S. Smith from Georgetown. "While in Smith's Drug Store, I heard of Nervine being a wonderful pain-dealer, so I decided to try Nervine. Thanks to Nervine, my two-years' backache was 'subbed away,' and today I am perfectly well."

All those who suffer from weak, aching backs, those whose backs are stiff, whose joints are swollen, let them try Nervine—the liniment that never fails. Use it at all stages.

## Manitoba Industries

The largest group of industries in Manitoba is number of establishments in wood and paper products, of which there are 212, according to figures compiled by the Industrial Development Board of Manitoba. Next in order come vegetable products, with 160 plants; chemical products, with 121; and textile products, with 52.

## GIRLHOOD DANGERS

Come Through a Weakening of the Blood—A Tonic is Needed. In their early teens it is quite common for girls to grow weak, thin, and nervous. They should watch the health of their daughters at this time. It is when the strength is sapped by rapid growth that anaemia develops. The first sign may be noticed by paleness, languor and headache. The face grows pale, breathlessness and palpitation become apparent, with low spirits and depression.

Neglected anaemia often leads to a decline, but if you see that your daughter's blood is enriched, there need be no cause for anxiety. The finest blood-builder ever discovered is Dr. Williams' Pink Pills. They will build up your girl's health and ensure for her healthy womanhood. In proof of this Mrs. George Justison, Black's Harbor, N.B., says: "I think Dr. Williams' Pink Pills a wonderful medicine. My daughter, who was in such a badly run down condition that we feared she was going into a decline. Her face was pale, her least exertion would leave her breathless and she suffered from headaches. She had no appetite. The face grew pale. Up to the time we began giving her Dr. Williams' Pink Pills, no treatment had helped her. But thank the gods of this wonderful medicine she is again well and strong, showing no signs of the trouble that had no weakened her."

In all troubles due to weak, watery blood, Dr. Williams' Pink Pills will be found a reliable remedy. Sold by all medicine dealers or sent by mail at 50 cents a box by The Dr. Williams' Medicine Co., Brockville, Ont.

## Invited To Palace

Spanish Workman Did Not Recognize King Who Gave Him Life. Here is another story to add to the many good ones told about King Alfonso of Spain.

Driving recently just outside Madrid, the king's car came to a standstill, and a minor adjustment had to be made by the chauffeur. At that moment a tired-looking workman, who was walking in the same direction, came up, and, not recognizing the king, asked him for a lift as far as Madrid. The king smiled and smiled and told him to jump up and the car conveyed him swiftly to his humble dwelling in the slums of Madrid. There the king shook hands with the amazed workman, who had begun to think him "Godsend of old men," he said. "I have a good rest, and if you want anything at any time, come and see me at the palace."

More Bicycles Than Cars. Every sixth person in France has a bicycle, the total number being about 6,400,000. There are ten times as many bicycles in the country as automobiles.

## Wheat Pool A Huge Success

Chairman of Saskatchewan Pool Declares It To Be A Big Success

At a wheat pool meeting held at Melville, Sask., recently, and attended by over three hundred farmers, A. J. McPhail, chairman of the Saskatchewan Wheat Pool, stated that a determined effort would be made to increase the pool acreage by another million this season.

"The Pool," said Mr. McPhail, "is a far bigger success than any of us ever dreamed of. It will have a great influence in stabilizing prices, it is a great unifying influence uniting the farmers of the three western provinces; it is the greatest business that agriculture has ever engaged in and no man may see what it may grow to. It has given the farmer a standing which he never had before and its success has shown that the farmers can stick together." It was not and never will be the intention of the organization to control wheat with the object of artificially raising prices. To do so, he said, would inevitably defeat its own object, for in that case wheat would be grown to a much larger extent and thus greatly increase the supply.

## Japs Interested In C.N.R. Radio

Travel Over System to Secure Pointers On How Plan Works

For the purpose of investigating the progress of radio in Canada, particularly its working in the world of transportation as developed by the Canadian National Railway, Kijofko Suzuki, of Tokyo, Japan, and K. Togasaki, of San Francisco, are travelling over the system on radio-equipped airplanes. According to Mr. Suzuki, the Japanese Government railways are now experimenting in the establishing of radio on their trains, and they are anxious to secure an insight into the conditions under which radio-equipped trains operate over Canadian National lines.

## Novel Racing Contest

Aeroplane Travels Faster Than the Fastest Pigeon

An aeroplane has proved 23 1/2 miles an hour faster than the fastest pigeon in a race between two planes and 50 homing pigeons.

The novel contest was held between Hammondsport and Auburn, N.Y., the aeroplane taking the straight line course of 60 miles while the planes, one of which was forced down, were scheduled to fly 62 miles.

Despite the 12 miles handicap the winning plane finished three minutes ahead of the first pigeon, completing the longer distance in 48 minutes, or 62 1/2 miles an hour.

A compound has been invented which compensates the effectiveness of poisonous gas.

If you find that you are being driven to despair, get out and walk.

## For COLIC AND CRAMPS PAINS IN THE STOMACH There's Nothing Else

**DEFLOWERS' EXT. OF WILD STRAWBERRY**

It has been in use for over 80 years; its action is rapid, reliable and effective, and it cures promptly.

"Don't accept a substitute."

The genuine is put up only by The R. Milburn Co., Limited, Toronto, Ont.

## Wireless Phones For Aeroplane Passengers

Experiments Between Pilots in Germany Prove Successful

Passengers on the huge air liners of the German Air Service, which on some planes furnishes movies and phonograph music for the diversion of air travellers, will soon be able to pick up a wireless telephone receiver and, despite the roar of three 120-horsepower motors, talk with any telephone subscriber in any large city of Germany.

Wireless telephone experiments between pilots on two of the night air lines, too, have proved successful. The pilot circling over Stockholm in a thunderstorm talked with Tempelhof Field in Berlin for five minutes.

The Air Service, Directorate of aeroplanes, the wireless telephones will be placed at passengers' disposal first on the routes between Berlin-Paris, Berlin-Stettin-Stockholm and Berlin-Danzig-Koenigsberg.

The phones operate in the same manner as the wireless telephone apparatus on trains between Berlin and Hamburg.

## Girl Receives Bronze Medal

Heroine of Lighthouse Rewarded by Committee of Loyals

The committee of Loyals has awarded the Loyals bronze medal for meritorious service to Ethel Langton, 15-year-old daughter of the keeper of St. Helen's Fort Lighthouse, Benbridge, Ireland. It is given her in recognition of her endurance in keeping the light-house lamp working for three days during a gale last March.

The girl was left on the lighthouse while her parents made a dash for shore to escape the deadly diminished provisions. They could not get back owing to the gale. For three days and nights the girl was alone with only her pet dog for company. Undaunted, she kept the light going, climbing two feet up a steel ladder as regular intervals to attend to the oil-burning lamp. All the food she had was two pounds of bread, and when her parents returned she was quite well and cheerful.

The Loyals bronze medal has not been previously awarded to a woman, but the silver medal was conferred upon the wife of a ship's captain in 1897.

## Use Rad Language

Modern Mother Responsible For Great Deal of Loose Speech

Rad language of the modern mother is responsible for a great deal of loose speech among school girls. Miss Mary Morrison, principal of the Francis Holland School for Girls, told the annual conference of the head mistresses' association in London.

"For years we have made allowances for the strong language," Miss Morrison asserted, "but now mother is nearly as bad, and it is having a serious effect on the girl's speech among themselves. This is all a part of the so-called 'free freedom'."

## Drives Athlete Like Magic

The immediate help of Dr. J. D. Kellogg's Atkin's Remedy seems like magic. Nevertheless it is only a natural remedy used in a natural way. The smoke or vapor, reaching the most remote passages of the affected tubes, brushes aside the trouble and opens a way for fresh air to enter. It is sold by dealers throughout the land.

## Population and War

Militarists in all countries demand an increasing population, in order that an 'unfailing supply' of recruits may ensure the national safety in the next war; but then they also hold that war is inevitable owing to the pressure of expanding populations—London Spectator.

The cheapness of Mother Graves' Worm Expurgator puts it within reach of all, and it can be got at any drugstore's.

## An Unexpected Sequel

Man Failing to Carry Out Death Pact Condemned For Murder

A death pact drama at Southport had an unexpected sequel. The young man, aged 18 and his sweetheart of the same age agreed to commit suicide together. The girl died. The man failed to make good his share of the pact and as a result the court has condemned him to death for murder. The law holds that if two persons agree to commit suicide, and, in consequence, one of them dies, the survivor is guilty of murder.

Organ Hundred Years Old

A bamboo organ, built into the church of Las Pinas, Manila, more than 110 years ago by the Augustinians, still gives sweet and mellow tones. The bamboo was cut from a jungle near the church and the organ was twice damaged by earthquakes and typhoon.

## New Type Of Bandit

Confidence Men In England Use Crossword Puzzle As Lure

Crossword puzzle bandits are latest things in British crookdom. Even the Englishman's reserve cannot withstand the desire for a novel in the search for words to fill the crossword puzzle squares. Hotel lounges are the favorite haunts of crooks who wrinkle their brows over a rare Australian bird in three letters, and then lean over to a prosperous acquaintance the country to ask for aid. Some later the conversation turns to particularly rich schemes. Scotland Yard is on the trail of two crossword puzzle tricksters who posed as gentlemen farmers and separated a good "dirt" farmer from Aylesbury from his bank roll. The confidence men are described as suave and well-spoken but poor spellers.

Powerful Medicine.—The healing properties in six essential oils are concentrated in every bottle of Dr. Thomas' Electric Oil, forming one of the most beneficial liniments ever offered to the use of man. Many can testify as to its power in allaying pain, and many more can certify that they owe their health to it. Its wonderful power is not expressed by the small price at which it sells.

He had just arrived from the old country and was not familiar with the use of the telephone, so he took down the receiver and dialed: "Are you want to talk to my wife."

The operator's voice came back sweetly, "Number, please."

"Oh," he replied, "she bane my second year."

Use Miller's Worm Powders and the battle against worms is won. These powders correct the morbid conditions of the stomach which nurture worms, and these destructive parasites cannot exist after they come in contact with the medicine. The worms are speedily evacuated with other refuse from the bowels. Soundness is imparted to the organs and the health of the child steadily improves.

In a certain town in Italy the taxes are levied according to the weight of the taxpayer. The fat man is assumed to be prosperous and charged on his poundage.

**DIARRHOEA**

MOTHER—Fletcher's Castoria is a pleasant, harmless Substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrup, especially prepared for Infants in arms and Children all ages.

To avoid imitations, always look for the signature of Dr. J. C. Fletcher. Proves directions on each package. Physicians everywhere recommend it.

## CLOSURE METHOD IS APPLIED IN HOUSE OF LORDS

London.—The final stages of the eight-hour mine bill were characterized by amazing scenes in both Houses of Parliament and demonstrations of a very unusual nature in the House of Lords.

The debate on the third reading in the Lords, which had been delayed by the government to bring pressure on the Yorkshire mine owners, had proceeded quietly in the afternoon. There are only four Labour peers, and they had strongly criticized the bill, arguing that the behaviour of these Yorkshire owners showed that the government was putting a formidable weapon into the mine owners' hands, and that from this viewpoint the bill ought to be amended.

Owing to these protests the debate was prolonged far beyond the hour when the leisurely Upper House is accustomed to adjourn, and the members displayed great impatience. Finally the Marquis of Salisbury, Lord Privy Seal and the leader of the house, declaring that prolongation of the debate was an abuse of privilege, moved closure.

This brought renewed protests from the opponents of the bill, while a crowd of Labour commoners, listening to the debate from the bar of the house, shouted: "Four hours for you; eight for the miners."

The Lord high chancellor, Viscount Cave, presiding, supported the closure measure and ordered that the bill, or the bar should be removed, which was done by attendants.

The closure motion was then put and carried after loud protests and carried, 41 to 4, and the third reading carried without division. This is probably the first time closure was ever applied to debate in the House of Lords.

## Called Lady Astor A Liar

Flery Labourite in British House of Commons Had To Modify Statement

London.—Lady Astor was called a liar in the House of Commons. Jack Jones, flery Labourite, applied the term to the titled member during a debate regarding West Ham Borough, which has been in hot water in connection with alleged specific administration under labor auspices.

Lady Astor, interrupting George Lansbury, Labourite, on a point of order, said: "As this is a matter of moral corruption (Lord Labourites of 'no, no, it is in order') this honorable member to compare the dockyard member, with the board of guardians which has been proved corrupt."

Jones leaped to his feet, shouting: "You are a liar." Taking deep breath, he shouted into the quick silence which had fallen on the house, "You are a liar."

There was a hush of talk and then cries of "withdraw." The chairman called upon Jones to withdraw his statement and after some minutes cogitation, the member said: "I apologize to the lady and withdraw, substituting the phrase 'terminological inexactitude'."

There was a ripple of laughter, but Lady Astor did not laugh.

Mr. Lansbury resumed his speech and asserted that Lady Astor was the most ignorant woman in the house with regard to social questions. He added that for a wealthy woman to interfere with the discussion of matters connected with conditions of the poor was "disgraceful."

## Delicate Constitutional Issue

Lord Byng's Action Regarding Dissolution of Parliament Discussed At Imperial Conference

London.—The Daily News' political correspondent states that Lord Byng's action in refusing dissolution to form Premier W. L. Mackenzie King will be brought up for discussion by one of the Dominion premiers at the Imperial conference in October.

A delicate constitutional issue will then arise, the correspondent states, and the position and powers of the governor-general will be discussed with freedom for the first time of Dominion representatives themselves.

Toronto.—Interviewed here prior to his engagement to address the Conservative Businessmen's Club of Toronto, Hon. H. H. Stevens, acting minister of customs, tacitly admitted that reduction of the tariff on motor cars brought in by the King Government would be allowed to remain in force in the Mackenzie Government.

## Visit Is Not Political

Lord Clarendon Coming to Canada on Land Settlement Business

London.—Owing to recent political developments at Ottawa, rumors were circulating that the visit to Canada of Lord Clarendon, under-secretary for the dominions, was a mission of political importance. An instance of these reports is the statement of the London editor of the Yorkshire Post, who says that, besides discussion of overseas settlement, "it is recognized that before Lord Willingdon goes to Rideau-Hall, someone should 'test the atmosphere' in Canada, particularly as regards the imperial conference and other such questions."

The Canadian Press was informed officially that Lord Clarendon will take up with the Canadian authorities only questions of land settlement. He sails on Saturday in company with T. G. MacGowan, vice-chairman of the Overseas Settlement Board. They will travel across Canada, but will not make any public addresses.

Their visit was arranged some months ago. It is stated.

## Fear Famine In Mexico

Floods Have Completely Destroyed Most of Crop

Mexico City.—Rising flood waters threatened Mexico City with complete isolation and fear is expressed here that the nation may face famine or a food shortage unless large quantities of food are imported to replace crops destroyed by the flood.

All railway tracks within 16 or 20 kilometres of the capital were covered with water and prospects that the rail service between here and El Paso, Laredo and many interior points would have to be suspended.

In the state of Puebla a cloudburst over the Malinche Mountain caused a torrent that dug a path 15 feet deep and a mile wide and destroyed over a mile of track near the station.

Apparently there has been complete destruction of crops throughout the Mexican plateau and the loss is estimated at from 10,000,000 to 15,000,000 pesos.

## Continue Customs Probe

Clean-up of Department of Customs and Excise Is Proceeding

Ottawa.—A clean-up of the department of customs and excise is now proceeding and will continue steadily, according to Hon. H. H. Stevens, acting minister of that department, who was asked this afternoon the extent to which he was prepared to go in implementing the resolutions adopted by the house in its concluding days. It is believed that a clean-up of this sort will be the appointment of the judicial tribunal approved by the judges of the exchequer court. Its work would be to continue the investigation into the administration of the department and ascertain the means of making the enforcement of the law more effective.

## Prepare To Harvest Crop

Alberta Making Plans To Secure Supply of Harvest Help

Edmonton.—First move in the direction of harvest help came from the crop that is now growing has just been made by the provincial labor branch, which has completed a preliminary survey of the wheat belt for the purpose of ascertaining this year's crop. The first step will be a conference with the Western Passenger Association in Winnipeg, in which Alberta will join with the other western provinces. This is set for July 16 and Walter Saulton, government commissioner of labor, will attend as Alberta representative.

## Winnipeg Paper Offices Raided

Winnipeg.—After a raid on the O.R.U. Bulletin, a weekly publication conducting contests, T. Mac was arrested charged with conducting a betting house and released on bail. Police have announced they will raid every week, papers running alleged betting competitions until they drive them out of business. Five other publications were raided during the past week.

Hon. Herbert Greenwood Weds. Edmonton.—The marriage of Mrs. Marjorie Greenwood McCormack and the Hon. Herbert Greenwood, former prime minister of Alberta, was very quietly celebrated here, at the home of the bride's sister, Mrs. W. H. Baird, on Monday, 1928-1929. Only immediate relatives witnessed the ceremony, which was performed by the Rev. Dr. McQueen, of First Presbyterian Church.

## Armed Guards Watch Exams

Paris.—Any student who cheats at the Sorbonne will have his nerve with him. Members of the Republican Guard in full uniform and armed with bayonets watch examinations.

## Demands Dismissal Of British Officer

Canton Government Annoyed Over Alleged Threat to Close River

Canton.—The Canton Government has demanded the dismissal of the British naval officer here because he is alleged to have threatened to close the port of Wu Chow on the Sinking River, west of here, against Chinese shipping if white are not permitted to take British wharves up the river to investigate the death recently of J. M. Phillips, a British subject. Phillips, British manager of the Asiatic Petroleum Company, was slain by bandits after being kidnapped.

## Abandons Work In Egypt

Sir Flinders Petrie Transfers Activities to Southern Palestine

London.—The famous Egyptologist, Sir Flinders Petrie, has decided to abandon research work in Egypt and transfer his archaeological activities to Southern Palestine because of the "dog in the manger" attitude of the Egyptian department under the French director Laus.

Sir Flinders is quoted by The Daily Express in an interview detailing his reasons for abandoning research work, as saying that other skilled excavators at Thebes have abandoned their work and are compelled to spend their time studying discoveries they had made two years ago.

## NO DEARTH OF CANDIDATES IN FEDERAL FIELD

Toronto.—Two former Liberal cabinet ministers from Ontario who were defeated in October, 1925, will be in the running at the approaching federal election, it was stated here. Hon. George M. Gordon, former deputy speaker of the house and minister of immigration, will contest Peterborough while Hon. Thomas A. Low, former minister of trade and commerce, will contest Renfrew.

It is expected that Right Hon. Mackenzie King will be offered the Liberal nomination in North York. Hon. E. C. Bruce, former premier of Ontario, is expected again to contest North Simcoe against W. A. Hoyt, Conservative ally.

The Globe carries the following item in its news columns:

"Rumour has singled out Hon. John S. Martin, minister of agriculture, as third member of the Ontario cabinet to whom one of Premier Meighen's Ottawa portfolios in the making may be held out, possibly the department of that department, who has already been named as possible selections for the federal ministry. Of the three Queen's Park men, Mr. Martin, it was believed in Conservative circles, would be the most likely to sever provincial connections for the larger theatre of activities at Ottawa."

Montreal.—"Le Devoir," organ of Henri Bourassa, former M.P. for Le Bel, gives prominence to the following item:

"According to what can be learned today, one of the bombs which the Conservatives are preparing to launch is the re-entry of Sir Robert Borden, former premier of Canada from 1913 to 1919, into active politics in order to assist Mr. Meighen with his counsel and direction during the forthcoming electoral campaign. Mr. Meighen, within the past few weeks, has hastened to secure Sir Robert Borden's advice; the latter received him cordially and inspired certain of his decisions."

Two Dolls on Empress World Tour

Two of the tiniest passengers on board the Canadian Pacific liner Empress of Scotland making its cruise around the World, were Mademoiselle Pili and Georgette, a pair of marvellous dolls which amused the grown-ups. Pili is a real Parisian blonde and doesn't even know what peroxide is. Georgette is a brunette whose eyes more than once turned in the direction of some lucky staidward male. Dressed in the height of fashion, the two mannikins were given an airing on board the deck of the Empress of Scotland almost daily. At the left above, is Pili on the lap of an admirer, while on the right is Georgette in the arms of another charming passenger.

## LABOR OPPOSES COAL PURCHASES FROM GERMANY

London.—Lively scenes were enacted in the House of Commons during consideration of the vote on an appropriation of £2,000,000 to pay coal bills abroad for fuel purchased by the government since the miners' dispute began.

The Labor members vigorously opposed buying more coal abroad; some of them did not utter words about it, but nevertheless the vote carried 245 to 116.

John Wheatley, who was minister of health in the Labor cabinet, objected particularly to the government buying coal in Germany to beat the British miners, who responded to the call to defeat the Germans in 1914.

The tilt in the house came upon the heels of an announcement in the House of Lords that the Yorkshire mineowners had consented to offer the same ratio of wages and profits as other districts, thus removing a thorn from the government's side.

It is possible that the final stages of the eight-hour mine bill may be reached.

## Snowslide In B.C.

Occurred East of Revelstoke But No Casualties Reported

Vancouver.—Carrying hundreds of huge boulders weighing two or three tons each, a veritable river of water, and big timbers poured across the Canadian Pacific Railway tracks near Lauretta, about 16 miles east of Revelstoke, B.C.

An engine and four cars of a work train were swept from the tracks to the banks of the Kootenay River, while another car is missing and is believed to have been buried under the avalanche. It is believed no one was in the car.

Thousands of tons of wet snow moved down the mountainside, with a reverberating roar, covering the tracks with six to eight feet of water for a distance of about 700 feet. A portion of the track was washed out, necessitating rerouting. Telegraphic communication was temporarily discontinued.

The intense heat of the past few days together with heavy rainfall is believed to have been responsible for the slides.

## A Miraculous Escape

Child Run Over By Train Escapes Injury

Parkhill, Ont.—To have a fast passenger train run over rails between which she was sleeping and emerge unhurt, was the strange experience of the two-year-old daughter of Ralph Robinson, of East Weymouth. The child won her life to the fact that she lay in the exact centre of the rails and did not move while the train was passing over her.

The child had wandered away from her home and, evidently exhausted, stretched out on the warm rails of the Canadian National Railway right-of-way. Soon after she fell asleep and the train passed over her.

## Cannot Get Coal

London.—The Daily Mail says all most complete stoppage of the Lancashire cotton mills is expected owing to lack of coal supplies. Very few have another week's supply, and there is little likelihood of their getting more, owing to the miners' strike.

## Heavy Rains In Japan

Tokio.—Heavy rains in Western Japan have drowned thirty persons and destroyed about 4,500 houses.

## Armaments Committee Adjourns Until August

Will Then Meet To Study Methods Of Limitation

Geneva.—The American delegation took a strong position in the disarmament discussions against the view of comparing the armaments of countries by a comparison of the budgetary expenditures. The project was defeated by a large majority.

After the discussion, the military committee adjourned to August 1, when it will continue its examination of the technical aspects of disarmament, and study especially methods of limitation.

The League of Nations signalled the recess by issuing an official communique summarizing the work achieved, but refrained from making any official pronouncement.

The official communique lays stress on the expert's work in enumerating armaments as, first, the forces in service in peace time; second, the forces prepared for war time; and third, ultimate war forces created during hostilities.

The power of a country in war time is declared to depend on those factors which constitute its power in peace and on the conditions of time and preparedness under which all its available resources may be applied in war.

## London Has Meat War

Rival Packing Firms Cutting Prices Away Below Cost

London.—A meat war is raging in London, says The Daily Mail. Argentine beef has been selling this week at Smithfield, London's central meat market, at less than its cost to import it.

The Daily Mail, which is investigating the circumstances, traces the low price to a war among rival meat packing firms. The newspaper declares the war is being waged with reckless fury, notwithstanding that everyone denies its existence.

During the past year, The Daily Mail declares, firms concerned in importing beef from Argentina are estimated to have lost anything from £1,000,000 to £10,000,000. Nevertheless importation continues without any concerted regard for public needs and apparently will continue until one of the big concerns has enough courage enough to admit it cannot go on losing money as all have done during the past year.

## THE QUESTION OF EQUAL STATUS FOR DOMINIONS

London.—The issue of dominions and treaties was raised in the House of Lords by Lord Parmoor, who gave information on the status of obligations, which treaties contracted by Great Britain impose on the dominions, called attention to the inconsistency arising from the fact that the dominions were subject to dangers and obligations if Great Britain declared war to enforce treaties, whereas the dominions after the war they had helped to win, were now claiming the positions of equal partners who have achieved full status.

Lord Clarendon, under-secretary of state for dominion affairs, replying for the government, said the importance of the issues raised were realized, but they would be discussed at the imperial conference. He had only recently received a report of the debate at Ottawa and had not yet found time to digest it.

The under-secretary said the government was most anxious to assert fully and strongly the importance they attached to the principle of equal status and said it was his opinion that the strength of the empire did not depend on the form or constitutional principles or such as the belief of the people in the righteousness of the cause they upheld.

## Railway Union Upholds Chief

Gives Vote of Confidence to Veteran British Labor Leader

Weymouth, Eng.—Hon. J. H. Thomas, general secretary of the National Union of Railwaymen and one of the leaders in the settlement of the recent general strike, has received another vote of confidence from his union.

A demand for his dismissal, because of his conduct during the general strike was supported by only six of the delegates to the union's conference. The resolution demanded his resignation for signing the award of the National Wages Board, whereby the railwaymen were not given the unified grading they had asked.

It was defeated by an overwhelming majority.

## MACKENZIE KING TAKES ISSUE WITH PREMIER MEIGHEN

Ottawa.—Premier Meighen recently issued his ultimatum to Mackenzie King, who again takes issue with Premier Meighen on the constitutional status of the present government.

The recent statement of what he describes as the "temporary government," that the procedure followed at dissolution of parliament was exactly the same as that prepared and proposed by Mr. King himself when he sought dissolution four days earlier, is not true, says Mr. King, and he adds: If it were true, it would not alter the fact that the moment Mr. Meighen assumed office his responsibilities in tendering advice to the governor-general became his own.

The late King Government, says the statement, fully intended that there should be dissolution only after proper consultation had been had with both houses of parliament, and after all the usual formalities had been observed.

The recent statement of Hon. Hugh Guthrie, acting minister of justice, deals chiefly with the formation of the present government and very little with the "fundamental question of the appointment of ministers of the crown for the purpose of carrying on government and administering public department in accordance with recognized constitutional practice and law," says Mr. King.

It was "presumption," says the former premier, for Mr. Meighen to continue to advise the governor-general after his adverse vote in the House of Commons "higher waters." This "unwarranted violation of constitutional right, practice and law, if permitted to continue," says Mr. King, "cannot fail to undermine the whole fabric of constitutional government in Canada and the fundamental principle of self-government under British institutions in whatever quarter of the globe they may be held in honor today."

## Britain Has New Flying Boat

Machine Just Completed Is Intended For Submarine Spotting

London.—A new flying boat, designed by the Royal Air Force, which is being built at the Blackburn Aeroplane and Engineering Company, the flying boat has been named "Fif." She has, it is stated, taken two years to construct, and has cost £20,000. Her maximum speed is 150 m.p.h. and her range is 2,000 miles. The machine is intended for submarine spotting and general reconnaissance work.

There is accommodation for a navigator, three pilots, and a crew of about 10. The flight was, it is said, satisfactory.

## Relics Of Former Days

Manitoba Get Historic Canoe Is To

Winnipeg.—Some of the cannon that were used in the old Hudson's Bay Company's post, Fort Garry, the creper-covered gateway of which alone remains, are likely to come into the possession of the Manitoba Historical Society, which was recently organized.

The guns were mounted for action when Louis Riel held the fort till he fled at the approach of Col. W. J. Hughes. Another interesting relic of the Red River settlement days that has been donated to the society is a Red River cart. Historic societies in other parts of the Dominion have offered to co-operate with the local organization.

## To Study Law In Quebec

Premier's Son To Be Student At

Quebec.—Theodore Meighen, son of the prime minister, is among the candidates for admission to the study of law who are now here for the semi-annual examination of the bar of the province. Mr. Meighen is now at the University here in the fall.

In all, 111 candidates for admission to either the study or practice of law are taking the examinations.

## King Receives Lord Willingdon

London.—Viscount Willingdon, who was knighted by the governor-general of Canada, was received by His Majesty King George last week. It is understood that Lord Willingdon's recent mission to China in connection with the Boxer indemnities was the subject of discussion, rather than his new Canadian appointment.

## Items of Local and General Interest

Rev. Father Moriarty is spending the week in Calgary.

Remember that a telephone pole never hits an auto except in self defense.

Mr. and Mrs. Bob Oakes are to be congratulated upon a new addition to their family.

A speckled trout, weighing 8 1/2 pounds, was taken from the lake near Frank on Tuesday.

Pincher Creek's municipal and school tax rate for the year 1926 has been set at 38 mills.

Mrs. (Dr.) Olivier and children left by motor Tuesday to spend ten days in camp at Waterton.

After a girl has been a bride for about two weeks she begins to say plans for steering some other girl up against a similar fate.

Magistrate Gresham returned this morning from Sarcee, where he had been camped for nine days with the Alberta Mounted Rifles.

Rev. Father Gillen, of Calgary, arrived in Fernie on Saturday last, to take charge, temporarily, of the Roman Catholic church there.

Two autos met in collision in West Blairmore last evening, both sustaining considerable damage. One of the occupants received slight injuries.

FORD TOURING CAR For Sale Cheap. Newly overhauled and painted. Terms. Blairmore Vulcanizing & Battery Station, W. M. Bush. [J8-15]

Crossword puzzle: A word in seven letters, beginning with "a," which united in marriage to two political parties in the last provincial election.

Mr. and Mrs. G. G. Coote have returned to Nanton from Ottawa. Mr. Coote, we understand, has not definitely decided that he will not be a candidate for re-election.

Allie Blais brought in a nice basket of trout from the South Fork on Sunday last. He had several beauties weighing in the neighborhood of one and a half pounds.

Bill Lornie found his face so full of holes after having two thousand blackheads removed by a Calgary barber that he had to pay another five dollars at a re-fill station.

Tony Stella was reported missing on Monday morning, but late in the evening was discovered in Ray Knight's stampede suit. Tony carried all the marks of a rough rider.

The Coldstream Guards band will appear in the Cranbrook arena on Monday, August 16th, under the joint auspices of the Rotary Club, the Gyro Club, the G.W.V.A. and the Elks.

Bob Gray, J. A. McDonald, Mayor Farmer, Charlie Fauver, W. Bird, L. Morgan, Thomas Appleby and others interested in bathing will inspect the new swimming pool on Friday.

A re-count of the ballots in the Bow Valley riding, where Ben Plummer, U.E.A. candidate, apparently tied with Capt. Joseph T. Shaw, the Liberal leader, will take place on July 22nd.

The officers of Crowview Rebekah Lodge No. 66 will be installed at the regular meeting tonight. Mrs. M. Joyce, D.D.F., will officiate. Refreshments will be served after the installation ceremony.

Magistrates have decided that evidence of fishermen should not be admitted by courts. If that's the case, you're safe in admitting that you caught sixty fish on Sunday last, Jim, although the law limits your bag to twenty-five for one day.

Record crowds attended the stampede at Calgary last week.

Miss Milda Bond is visiting for a few days with Mr. and Mrs. D. L. McGrea at Pincher Creek.

A branch of the Native Sons of Canada organization will be formed at Coleman tomorrow night.

A dentist is about the only man who can tell a woman to shut her mouth and get away with it.

Miss Elizabeth Williams arrived in town Saturday morning on a visit to her sister, Mrs. A. R. Granger.

The Oddfellows and Rebekah of Coleman held a basket picnic at Sentinel on Sunday afternoon last.

W. R. Wilson, managing director of the Crows' Nest Pass Coal Company, Fernie, motored east through Blairmore yesterday.

Mrs. (Judge) McDonald and son, of Macleod, are enjoying a vacation at the Pacific coast and will be joined by the judge later.

The city of Fernie has contracted for extension of concrete sidewalks, six feet in width, along many side streets and avenues.

Ford cars are being unloaded and sold at Coleman by the carload lots by the Coleman Garage, of which Mr. A. M. Morrison is proprietor.

The average baby is so fond of its father that it sleeps during the day while he is busy, so it can stay awake all night and enjoy his society.

Miss "Dolly" McKenzie, of the Blairmore telephone central staff, was united in marriage at Calgary last week end to Mr. A. E. Cox, of Pincher Creek.

Chevrolet and Studebaker cars in large numbers have been disposed of this season by the Crows' Nest Pass Motors, of which Mr. Lance L. Morgan is manager.

George R. Westland, former proprietor of the Inland Province, has sold his interest in the Beamsville Express at Beamsville, Ontario, to Fred Barraclough.

Mr. W. H. Chappell left last night for a vacation to be spent at Edmonton and other points in Alberta. At Edmonton Mr. Chappell hopes to take in the big stampede.

Owing to the fact that insufficient entries were received, the summer camp of the Tuxis and Trail Ranger groups and the C.G.L.T. girls has been abandoned for this year.

Miss Alice Smith has obtained first class honors in the advanced requirements, theory examination of the Toronto Conservatory of Music, with 98 marks. Alice is a pupil of Miss McKivill.

Charles Howe, who is an engineer at one of the Royalite Oil wells during holidays from study at the Calgary school of technology and art, was a visitor to his home here on Saturday.

The Blairmore board of school trustees will sit at a court of revision on Thursday, August 12th, at 4 p.m., in the office of the secretary-treasurer, when appeals against the 1926 assessment will be considered.

Mrs. M. Steeves, accompanied by daughter Ruby, of Calgary, is on a brief visit to her sister, Mrs. E. Maden and family, at Lundbreck. Mrs. Steeves is mother of Gordon Steeves, of the Blairmore Pharmacy.

A Blairmore Scotchman has a friend in Toronto. A few days ago he wrote a letter to that friend and hoping to get it through for a half penny he bought a ticket as far as Brandon, Manitoba, and posted the letter from that point.

Hillcrest school is advertising for a principal and grade teacher.

Mrs. F. Thall and two children, of Lethbridge, are guests of the Knapman family here for a few days.

Herbert Greenfield, ex-premier of Alberta, was quietly married in Edmonton recently to Mrs. Cormack.

W. McVey and family and Mr. and Mrs. G. Evans have returned from a holiday motor trip as far as Banff.

PIANO LESSONS—Beginners and advanced pupils. Apply Mrs. J. Huquet, Box 2019. [J8-17,115]

Mrs. D. F. Fleming and children have returned to Blairmore, after an extended visit to Sydney Mines, N.S.

Mrs. George L. Stevens and children left here last week for Vancouver, where they will in future reside.

Miss Ruby Howe left by this morning's local for a visit to her sister, Mrs. T. J. Murphy, at Bow Island.

The factory of the International Harvester Company at Hamilton, Ontario, is the largest in the British Empire.

Mrs. S. Knapman and Miss Doris returned the early part of the week from a week's visit with friends in Lethbridge.

James Serra, of Banff, was a visitor here for a couple of days this week. James has just returned from a visit to Italy and looks the part.

Miss Cecile Marquis is up from Pincher Creek for a few days, visiting with her sisters, Mrs. L. Morgan and Miss Agnes Marquis.

George Moffan and W. J. Bartlett, who had been attending the Elks' provincial convention at Calgary, returned to town on Saturday.

At the big convention of the Native Sons of Canada, held in Vancouver last week, Mr. C. F. Jamieson, of Lethbridge, was chosen grand president.

Messrs. W. J. Fisher and Geo. Moffan returned last week end from a visit to Calgary, the latter as a delegate to the provincial convention of the Elks.

The Kimberley Press remarks: "A skull half an inch thick, and unearthed in Alberta, has been sent to Ottawa without the formality of an election."

John Mackenzie and family, of Strathmore, left from Montreal today on the Montagnaga for Scotland, where they will in future reside.

The sum of \$450.75 was collected at Coleman on Saturday last by David Gillespie, secretary of the Mine Workers' Union of Canada, to be sent to the British miners. This is the second donation from Coleman.

Mrs. Jas. Sargent and daughter, of Etzikom, Alberta, passed through Blairmore on Wednesday morning en route to Spokane. Mrs. Sargent expects to stop off at Blairmore on her return trip on a visit to her sister, Mrs. W. Howe.
